

IN THE CLAIMS

Please amend the claims as follows:

Claims 1-35 (Cancelled)

Claim 36 (New): A composition comprising a solids content defined by a dry solids extract of more than 47% by weight, and having a consistency index of less than 1 000 Pa.

Claim 37 (New): The composition according to Claim 36, having a dry solids extract of more than 50% by weight.

Claim 38 (New): The composition according to Claim 36, having a consistency index of from 10 to 800.

Claim 39 (New): The composition according to Claim 36, further comprising at least one fatty phase comprising at least one structuring agent.

Claim 40 (New): The composition according to Claim 39, wherein the fatty phase represents from 10 to 60% of the total weight of the composition.

Claim 41 (New): The composition according to Claim 39, wherein the structuring agent is selected from the group consisting of tackifying waxes, combinations of at least one specific compound with at least one oil, and mixtures thereof.

New U.S. Application
Filed: Herewith

Claim 42 (New): The composition according to Claim 41, wherein the structuring agent consists of one or more tackifying waxes.

Claim 43 (New): The composition according to Claim 42, wherein the waxes have a tack from 2 N.s to 10 N.s.

Claim 44 (New): The composition according to Claim 42, wherein the waxes have a hardness of from 0.05 MPa to 3 MPa.

Claim 45 (New): The composition according to Claim 41, wherein the structuring agent is a combination of at least one specific compound and at least one oil.

Claim 46 (New): The composition according to Claim 45, wherein the at least one specific compound is selected from the group consisting of semi-crystalline polymers; fatty-phase rheological agents; and mixtures thereof.

Claim 47 (New): The composition according to Claim 45, wherein the at least one oil is selected from the group consisting of volatile and non-volatile hydrocarbon oils, silicone oils, fluorinated oils and mixtures thereof.

Claim 48 (New): The composition according to any one of Claim 45, wherein the oil has a molecular mass greater than or equal to 250 g/mol.

Claim 49 (New): The composition according to 45, wherein, in the fatty phase, the ratio of the oil(s) to the specific compound(s) is from 10/90 to 90/10.

**New U.S. Application
Filed: Herewith**

Claim 50 (New): The composition according to Claim 39, wherein the structuring agent has a tack value ≥ 0.1 N.s.

Claim 51 (New): The composition according to Claim 39, wherein the structuring agent has a hardness value ≤ 30 MPa.

Claim 52 (New): The composition according to Claim 39, comprising from 15 to 50% by weight of structuring agent.

Claim 53 (New): The composition according to Claim 36, further comprising water, and, optionally, one or more hydrophilic organic solvents.

Claim 54 (New): The composition according to Claim 53, comprising at least one hydrophilic organic solvent selected from the group consisting of monoalcohols having 2 to 5 carbon atoms, polyols having 2 to 8 carbon atoms, C₃-C₄ ketones, C₂-C₄ aldehydes and mixtures thereof.

Claim 55 (New): The composition according to Claim 53, wherein the water or the mixture of water and hydrophilic organic solvent is present in an amount ranging from 0.1% to 90% by weight relative to the total weight of the composition.

Claim 56 (New): The composition according to Claim 36, further comprising a film-forming polymer.

New U.S. Application
Filed: Herewith

Claim 57 (New): The composition according to Claim 56, wherein the film-forming polymer is selected from the group consisting of vinyl polymers, polyurethanes, polyesters, polyamides, polyureas, cellulosic polymers, and mixtures thereof.

Claim 58 (New): The composition according to Claim 56, wherein the film-forming polymer is present in an amount, in terms of dry polymer material, of 0.1% to 60% by weight relative to the total weight of the composition.

-
Claim 59 (New): The composition according to Claim 36, further comprising a colorant.

Claim 60 (New): The composition according to Claim 59, wherein the colorant is selected from the group consisting of pigments, nacres, fat-soluble dyes, water-soluble dyes and mixtures thereof.

Claim 61 (New): The composition according to Claim 59, wherein the colorant is present in an amount ranging from 0.01% to 30% by weight, relative to the total weight of the composition.

Claim 62 (New): The composition according to Claim 36, further comprising a cosmetic additive selected from the group consisting of antioxidants, fillers, preservatives, perfumes, neutralizing agents, thickeners, surfactants, cosmetic or dermatological active agents, plasticizers, coalescents and mixtures thereof.

New U.S. Application
Filed: Herewith

Claim 63 (New): The composition according to Claim 36, wherein said composition is a makeup, a makeup base, a topcoat composition to be applied over makeup, or a keratin fibre treatment or care composition.

Claim 64 (New): The composition according to Claim 36, wherein said composition is a composition for coating the eyelashes, a composition to be applied over eyelash makeup, or a composition for treating the eyelashes of human beings or false eyelashes.

Claim 65 (New): The composition according to Claim 36, wherein said composition is a mascara.

Claim 66 (New): A method of treating or making up keratin fibres, which comprises applying to said keratin fibres the composition according to Claim 36.

Claim 67 (New): A method of coating the eyelashes which comprises applying to the eyelashes the composition according to Claim 36.

Claim 68 (New): A method of volumizing and separating keratin fibers which comprises applying thereto the composition according to Claim 36.
